**San Diego, CA 92186-5261**

8. Received by CIWMB: **APR 15 1997**

9. CIWMB Concurrence Date:

10. Permit Review Due Date:

11. Permit Issued Date:

**SOLID WASTE FACILITY PERMIT**

Facility/Permit Number:

**37-AA-0925****12. Legal Description of Facility:****324 Maple Street, Ramona, San Diego County, CA 92065****The property's legal description is described on page 1 of the Report of Station Information dated March 1997.****13. Findings:**

- a) This facility is a materials recovery facility and transfer station and the site identification and description of the facility has been submitted to the task force created pursuant to PRC § 40950 for review and comment, pursuant to the procedures set forth in Public Resources Code § 50000 (d). The local task force provided written comments on August 19, 1996.
- b) The LEA has determined that the design of the facility would allow for the facility operations to be conducted in compliance with the State Minimum Standards for Solid Waste Handling and Disposal, based on a review of the March 1997 Station Information.
- c) This permit is consistent with standards adopted by the California Integrated Waste Management Board (CIWMB). Public Resources Code, § 44010.
- d) The Ramona Fire Department has no objections to the creation of the facility and will issue more detailed requirements when a full set of building plans are submitted as evidenced in their letter dated April 18, 1996. Public Resources Code § 44151.
- e) The LEA has reviewed and considered the information, including the environmental effects of issuing this Solid Waste Permit, contained in the Negative Declaration prepared by the County of San Diego dated March 28, 1997, and finds there are no significant unmitigatable environmental effects arising out of the issuance of this Solid Waste Permit.
- f) A County-wide Integrated Waste Management Plan has not been approved by the CIWMB.
- g) The following authorized agent has made a determination that the facility is consistent with, and designated in, the applicable general plan: Gary L. Pryor, Director, San Diego County Department Of Planning and Land Use Public Resources Code § 50000.5(a).
- h) The following local governing body has made a written finding that surrounding land use is compatible with the facility operation, as required in Public Resources Code § 50000.5(b). San Diego County Planning Commission

**14. In addition to the terms of this SWFP, the following documents describe and restrict the operation of this facility:**

	<b>Date</b>		<b>Date</b>
Report of Station Information	<u>3-97</u>	Notice of Intent - WDID 9 37S012619	<u>10-30-96</u>
Major Use Permit P96-017	<u>3-28-97</u>	Lease Agreements - Owner and Operator	<u>8-23-96</u>
Negative Declaration P96-017, Log #96-9-12 SCH. 97011071	<u>3-28-97</u>

The permittee is prohibited from accepting any liquid waste sludge, non-hazardous waste requiring special handling, designated waste, hazardous waste, biohazardous waste, waste containing more than 50% water, friable and non-friable asbestos, large dead animals, and radioactive waste.

## SOLID WASTE FACILITY PERMIT

Facility/Permit Number:

37-AA-0925

### 16. LEA Conditions:

- a) The operator shall maintain a copy of this permit, Report of Station Information and State Minimum Standards for Transfer/Processing Station at the site at all times.
- b) No significant change in design or operation of this facility shall be taken without prior application to and approval by the LEA.
- c) Additional information related to compliance with this permit or information concerning the design and operation of this facility shall be furnished to the LEA upon request.
- d) The SWFP is subject to review by the LEA and may be suspended, revoked or modified at any time for sufficient cause.
- e) Stored recyclables shall not interfere with facility operations or cause a public health nuisance as determined by the LEA. The LEA reserves the right to reduce the maximum storage time of recyclables necessary to protect health or prevent a nuisance.
- f) The operator shall maintain, and keep current, records of weight and types of waste received per day and per month .
- g) The operator shall maintain records of final disposition of transferred waste and recycled materials.
- h) The operator shall maintain, and kept current, records of weight and types of recycled materials.
- i) The operator shall maintain, and keep current, a record of all vehicles hauling waste to the facility.
- j) The operator shall maintain a Log of special occurrences and a Log of complaints received.
- k) The operator shall maintain a record of prohibited wastes discovered by the load check program and the final disposition of these wastes.
- l) If the proposed dust control systems fail to be adequate for the control of dust in the operations of the facility, the LEA may require additional mitigation measures be installed.
- m) Stored greenwaste shall not interfere with facility operations or cause a public health nuisance as determined by the LEA. The LEA reserves the right to reduce the maximum storage time of greenwaste necessary to protect health or prevent a nuisance.
